

Limited Enrollment Course Request Form

If you wish to register for a course that has a limited enrollment (see the back of the timetable for which courses these are), submit this form with your registration form. Limited enrollment courses which are required for a program (e.g., seminars, Advanced Exegesis) are filled according to the need of each student (e.g., students in their last year would be given high priority); other limited enrollment courses are filled on a first come, first served basis. Those who try to register for a limited enrollment course without submitting this form will be given a low priority. Submit a separate request form for each limited enrollment course you wish to take.

Student Name: _____ Student ID: _____

Phone: _____ E-mail: _____

Into which program have you been admitted?
