

Regent Web Login Account Application

(Updated June 15, 2009)

A Regent Web Login Account gives you access to the WebAdvisor student system, an online resource that allows you to perform a variety of functions over the Internet. With WebAdvisor, you can change your contact information, and view your current GPA, course grades, and course schedule. WebAdvisor also allows Faculty/TAs to access class rosters and post grades online. Future enhancements of WebAdvisor will allow you to register for courses online.

To apply for a Regent Web Login Account please read the Privacy Agreement below and submit this form **with valid photo ID** to the Student Services Office, either in person or by fax (604-224-3097). You will receive an e-mail message within one week that tells you how to complete the process.
