Organization of American States Graduate Scholarships
Description: OAS Academic Scholarships are awarded to persons to undertake undergraduate or graduate studies Bachelor’s, Master’s, or Doctorate degree and/or graduate research that lead to a degree at a university or higher learning institution in an OAS Member State, with the exception of his/her own sponsoring country. Studies must be carried out on a full-time basis, and may be pursued by on-site or by distance education or a combination of both. The scholarship is awarded for a period of no more than 2 academic years, and the renewal for the second academic year is subject to the availability of funds and granted only to continue the same program of study for which the scholarship was initially awarded. The total financial award from the OAS may not exceed US$30,000.00 per academic year, which includes tuition, other scholarship benefits, and administrative costs.
Types of Academic Scholarships
Graduate scholarships: there are two types of graduate scholarships:
• Self-Placed: Candidates apply directly for admission to the universities or educational institutions of their choice. The average number of self-placed scholarships the OAS will award for each Member State is one per country. Thus, applicants who elect the self-placed scholarship option will have a smaller probability of being awarded an OAS scholarship.
• OAS-Placed: not applicable for Regent students.
Key Eligibility Requirements for Applicants
1. Applicants must be citizens or permanent residents of an OAS Member State.
2. Applicants for graduate studies must have obtained a university degree by the time they submit their scholarship applications to their National Liaison Offices.
3. Applicants must be in good physical and mental health to complete the program successfully.
4. Applicants must possess the language competence to undertake studies in the language of the institution or country of study. Applicants interested in studying or doing research in Brazil could be offered intensive Portuguese language training if awarded an OAS scholarship.
5. Applicants for on-site studies must agree to return to reside in the sponsoring country for a period of no less than twenty-four (24) months after completing the program of study covered by the OAS scholarship. Applicants for online studies must agree to remain in the sponsoring country for the same period of time.
